of Build Your Marriage

God has called us to reflect His image in the marriage relationship. And such a relationship sets the tone and depth of the community created by it to glorify Him. This covenant we make to exclusive, lifelong love is something that so directly reflects His image, and is one only God can author and enable. Join us for a weekend of affirmation and celebration of the gift and calling God intended marriage to be, and the generational blessing it fosters. His joy is guaranteed!
